Desk Designs: My Desk

Design a desk that's perfect for you! What features would you include? Decorate the top with a lily.

Step 1: Make a list of the features you want for your perfect desk.

Water lily

Field lily

Step 2: Choose the water lily or field lily to decorate the top of your desk. Study the shapes and lines of the lily. Then be an artist and change the lily to fit the top of your desk. Add colors if you want.
